**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As someone who has had limited option for the internet service I could choose from it was a breath of fresh air to switch to Sonic internet. Limiting the options and cutting off anyone that is competition is how we end up with these companies offer crap service for insane prices. We need more options available in the market to drive the quality of our internet up to where it should be. We are in the United States of America. We should have the best available option out there. Instead the free market has been halted and major companies cut the legs and throats of any company to challenge them. Dont let that happen here.
